**NEWMAN LAKE FLOOD CONTROL ZONE DISTRICT  
2011 BUDGET EXPLANATION**

**Salaries and Benefits:** This includes costs for Spokane County Engineering personnel involved with the District, including:

**Newman Lake Engineer** - Technical and administrative oversight of district activities including operation of flood control, aerator and alum systems, design and management of district maintenance projects, answering landowner concerns with regard to lake water quality and flood control activities, and working with the Advisory Board on District issues.

**Newman Lake Technician** - Assists in other District efforts especially Milfoil control and implementation of the comprehensive plan including working with the Newman Lake Watershed Committee on watershed and water quality improvement issues and projects and coordinating the watershed monitoring program. Assists with maintaining databases for watershed management, expenses and property records.

**Flood Control / Aerator Technician** - opens and closes the water control gates, maintains records of Lake levels, visually inspects flood control facilities and performs routine cleaning and maintenance, inspects equipment in aerator building daily, turns compressors on and off, and calls for repairs/service as needed.

**Other Assistance** - Assistance required from other Engineering and Roads departments to obtain necessary access easements and design and construct maintenance repair and improvement projects.

**Other Support Agreements/Technical Assistance includes:**

**Lake Water quality monitoring** - WSU services for monitoring and testing required for compliance with the NPDES permit and aerator system operation.

**Watershed Activities** - for support of watershed education and management efforts and implementation of the Comprehensive Plan.

**Septic Assistance Issues** - for researching solutions to septic issues and on-site systems

**NPDES permit** - permit fee to DOE for the Alum Injection System.

**NRCS** - maintenance and monitoring of the Quartz Mountain snow gage site.

**Legal Assistance** - Assist from the Prosecuting Attorney's office for preparation and review of District contracts and resolutions and legal advice.

**Operations and Maintenance:**

**Flood Control:** Major operations expenditures for Flood Control will be for sump cleaning, minor maintenance projects, and spraying for noxious weeds on District properties.

**Water Quality:** Major Water Quality operations costs are those associated with the aerator and alum systems, including electricity to run pumps and compressors, alum, and servicing for the aeration system equipment, and milfoil control including herbicide application and diver services.
